8. Adjournment

District 161
Board of Education

Goals

2019
2020

Board goals set the vision for student learning and articulate beliefs about students and learning.

These goals serve as the foundation for District goals and direction for school improvement.

"What the best and wisest parents want for their own child, that must the community want for all its children."

John Dewey
Educational Philosopher

for Student Achievement

Goal 1

Improve student achievement

by developing and implementing a challenging curriculum.

Student growth: At least 88% of the grade levels of students will meet/exceed the nationally normed NWEA Mean RIT score.

Standards alignment & rigor: Grades K-5 will complete two common outcome assessments in ELA & math; Gr. 6-8 will complete two assessments in ELA, math, science, and social studies.

Algebra readiness: Students demonstrating algebra readiness will grow to 35% of our 8th-grade class.

Technology integration:

- 80% mastery of grade level skills
- 90% implementation rate in lesson planning
- Develop STEM programming

Growth mindset: Support teachers with A&G practices: equal interval grading scale, summative reassessments, and academic behaviors.

Goal 2

Ensure a safe, inspiring, and welcoming environment

for students, staff, parents, and community members.

Student attendance/school engagement: The student-to-school connection will be strengthened to ensure:

- average student attendance rate of at least 90%
- restorative justice practices are utilized to minimize out of school suspensions
- student participation in at least one school-related activity or sport

Bullying/cyberbullying: Ensure teacher involvement in the implementation of internet safety, including bullying/cyberbullying prevention, as measured by the documented bullying incidents recorded through district bullying protocols.

Goal 3

Strengthen communications & connections

by establishing a communications program that directly helps the District achieve its goals.

Telling the district's story: The SHSD161 mobile app will serve as a school community portal for on-demand access to school, district, and Board of Education information.

Next grade readiness: Dashboards of indicators (as noted in ESSA and the high school's readiness checklist) will be communicated:

- progress toward grade level student growth in ELA and math
- progress toward 8th grade Algebra readiness
- progress toward mastery of technology grade level skills
- progress toward maintaining a student attendance rate of at least 90%

Goal 4

Maximize time, talent, and finances

by aligning these resources to the mission and goals of the District.

Building utilization: The District will continue to host Goal 4 Superintendent Advisories to share student enrollment information and gather community feedback to address future building utilization that will allow for

- effective delivery of instruction and
- optimization of district resources.

- An enrollment study will be part of the data collection.
- A building utilization strategies report, with a recommendation, will be shared prior to the end of the 2019-20 school year.
