Tic-Tac-Toe---3 in a row

- Here is a work option so your child can have some say in the work they are doing and when, you can have them complete the tic tac toe board with three in a row, twice a day. They have to complete three activities in row between breakfast and lunch. Then they have to complete three activities in a row after lunch until 3:30. Please let me know if you need further explanation. *If you can print it, they have to complete an activity and then they can put a light little X in the box in pencil (at the end of the day those x's can be erased and the board can be used again or if you have a page protector put the paper in that and they can cross off the options with a dry erase marker. If you do not have a printer, they can write down the options they completed. Thanks for all that you are doing for your child(ren)
