

UPPER GRADES
TIME
STUDENT WORKBOOK

THIS WORKBOOK BELONGS TO:

TM1685

Name _____

Directions: Trace the hour hand with a pencil to show the hour on each clock. Ring the digital clock showing the same hour.

Name _____

Directions: Trace the hour hand with a pencil to show the hour on each clock. Ring the digital clock showing the same hour.

Name _____

Directions: Trace the hour hand with a pencil to show the hour on each clock. Ring the digital clock showing the same hour.

Name _____

Directions: Trace the hour hand with a pencil to show the hour on each clock. Write the hour on the line and in the digital clock.

Name _____

Directions: Trace the hour hand with a pencil to show the hour on each clock. Write the hour on the line and in the digital clock.

Name _____

Directions: The digital time is shown for each clock below. Write the time it will be one hour later.

Name _____

Directions: The digital time is shown for each clock below. Write the time it was one hour earlier.

Name _____

Directions: The letters a.m. always refer to the hours between 12:00 midnight and 12:00 noon. Ring the clock showing the correct time.

1. If Tim wakes up at 7:00 a.m. and leaves for school one hour later, what time will it be when Tim leaves?

2. Jaime gets up at 6:00 in the morning. She feeds her cat an hour after she gets up. What time does Jaime feed her cat?

3. Tanya studied her history for an hour. She started at 10:00 a.m. What time did Tanya stop studying?

4. Bonita's class at school begins one hour after 7:00 a.m. What time does Bonita's class start?

Name _____

Directions: The letters p.m. always refer to the hours between 12:00 noon and 12:00 midnight. Ring the clock showing the correct time.

1. If Mike gets out of school at 3:00 p.m., what time will he get home if it takes him one hour to get there?

2:00 p.m.

4:00 p.m.

5:00 p.m.

2. Jennifer went to an hour-long art demonstration that started at 1:00 p.m. What time was the demonstration over?

4:00 p.m.

3:00 p.m.

2:00 p.m.

3. Richard plays baseball starting at 3:00 p.m. If he plays for an hour, what time is he done playing baseball?

4:00 p.m.

2:00 p.m.

1:00 p.m.

4. Raleigh's favorite television show starts at 8:00 p.m., and lasts an hour. What time is the show over?

7:00 p.m.

8:00 p.m.

9:00 p.m.

Name _____

Directions: Ring the clock showing the correct time.

1. If Lori has dance class at 2:00 on Saturday afternoon, and class lasts an hour, what time will it be when she gets out?

3:00 a.m.

3:00 p.m.

2:00 p.m.

2. Daniel likes to get up at 8:00 on Saturday, then he goes out to eat breakfast with his parents an hour later. What time do they eat breakfast on Saturday?

9:00 p.m.

7:00 a.m.

9:00 a.m.

3. Jeannie took her dog, Max, to the vet for a checkup on Tuesday afternoon at 1:00. The checkup took an hour. What time did Jeannie leave the vet's office?

1:00 a.m.

2:00 p.m.

2:00 a.m.

4. Evan's little brother, Doug, takes an hour long nap starting at 2:00 in the afternoon every day. What time does Doug get up from his nap?

2:00 p.m.

3:00 a.m.

3:00 p.m.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Ring the digital clock showing the correct minutes.

one-quarter hour

one-half hour

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Ring the digital clock showing the correct minutes.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Write the minutes in the digital clock.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Write the minutes in the digital clock.

Name _____

Directions: The digital time is shown for each clock below. Write the time it will be five minutes later.

Name _____

Directions: The digital time is shown for each clock below. Write the time it was five minutes earlier.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Ring the minutes on the digital clock.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Write the minutes in the digital clock.

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Write the minutes in the digital clock.

three-quarters hour

Name _____

Directions: Trace the minute hand with a pencil to show the minutes after the hour. Write the minutes in the digital clock.

one-quarter hour

Name _____

Directions: The digital time is shown for each clock below. Write the time it will be ten minutes later.

Name _____

Directions: Trace the minute hand with a pencil. Then write the minutes before the hour on the line.

5 minutes
before 7 o'clock

_____ minutes
before 10 o'clock

_____ minutes
before 1 o'clock

_____ minutes
before 4 o'clock

_____ minutes
before 11 o'clock

_____ minutes
before 12 o'clock

Name _____

Directions: Trace the minute hand with a pencil. Then write the minutes before the hour on the line.

_____ minutes
before 5 o'clock

_____ minutes
before 11 o'clock

_____ minutes
before 1 o'clock

_____ minutes
before 8 o'clock

_____ minutes
before 2 o'clock

_____ minutes
before 3 o'clock

Name _____

Directions: Trace the minute hand with a pencil. Then write the minutes before the hour on the line.

15 minutes
before 4 o'clock

_____ minutes
before 9 o'clock

_____ minutes
before 1 o'clock

_____ minutes
before 6 o'clock

_____ minutes
before 11 o'clock

_____ minutes
before 10 o'clock

Name _____

Directions: Trace the minute hand with a pencil. Then write the minutes before the hour on the line.

_____ minutes
before 4 o'clock

_____ minutes
before 9 o'clock

_____ minutes
before 6 o'clock

_____ minutes
before 10 o'clock

_____ minutes
before 2 o'clock

_____ minutes
before 12 o'clock

Name _____

Directions: What time will it be ten minutes later? Write the time on each digital clock. Next, write the minutes before the hour on the line.

15 minutes
before 5 o'clock

_____ minutes
before 12 o'clock

_____ minutes
before 9 o'clock

_____ minute
before 3 o'clock

_____ minutes
before 4 o'clock

_____ minutes
before 7 o'clock

Name _____

Directions: What time will it be eleven minutes later? Write the time on each digital clock. Next, write the minutes before the hour on the line.

_____ minute
before 8 o'clock

_____ minutes
before 3 o'clock

_____ minutes
before 9 o'clock

_____ minutes
before 10 o'clock

_____ minutes
before 2 o'clock

_____ minutes
before 4 o'clock

Name _____

Directions: What time was it four minutes earlier? Write the time on each digital clock. Next, write the minutes before the hour on the line.

Name _____

Directions: What time was it thirteen minutes earlier? Write the time on each digital clock. Next, write the minutes before the hour on the line.

_____ minutes
before 4 o'clock

_____ minutes
before 9 o'clock

_____ minutes
before 12 o'clock

_____ minutes
before 8 o'clock

_____ minutes
before 2 o'clock

_____ minutes
before 8 o'clock

Name _____

Directions: Trace the hour hand with a blue pencil, and write the hour. Trace the minute hand with a red pencil and write the minutes.

4:05

Say: four-o-five
or five after four

:

Say: seven ten
or ten after seven

one-quarter
hour

:

Say: five fifteen
or fifteen after five
or quarter after five

three-quarters
hour

:

Say: eight forty-five
or fifteen to nine
or quarter to nine

one-half
hour

:

Say: two thirty
or half past two

:

Say: nine fifty-five
or five to ten

Name _____

Directions: Trace the hour hand with a blue pencil, and write the hour. Trace the minute hand with a red pencil and write the minutes.

Say: one thirty
or half past one

Say: three twenty
or twenty after three

Say: ten thirty-five
or twenty-five to eleven

Say: four twenty-five
or twenty-five after four

Say: twelve forty
or twenty to one

Say: seven forty-five
or fifteen to eight
or quarter to eight

Name _____

Directions: Trace the hour hand with a blue pencil, and write the hour. Trace the minute hand with a red pencil and write the minutes.

:

Say: three forty-two
or eighteen to four

:

Say: five forty-one
or nineteen to six

:

Say: three twenty-six
or twenty-six after three

:

Say: eight thirty-nine
or twenty-one to nine

:

Say: ten thirteen
or thirteen after ten

:

Say: one fifty-nine
or one to two

Name _____

Directions: Trace the hour hand with a blue pencil, and write the hour. Trace the minute hand with a red pencil and write the minutes.

:

Say: eleven-o-seven
or seven after eleven

:

Say: six forty-seven
or thirteen to seven

:

Say: one thirty-eight
or twenty-two to two

:

Say: twelve seventeen
or seventeen after twelve

:

Say: three fifty-four
or six to four

:

Say: two-o-four
or four after two

Name _____

Directions: The letters a.m. refer to the hours between 12:00 midnight and 12:00 noon. Write a.m. next to the five things listed below that are most likely to happen between those hours.

- _____ 1. The alarm clock rings.
- _____ 2. Jeff plays after school.
- _____ 3. Danielle goes to school.
- _____ 4. Birds go to sleep.
- _____ 5. Jon eats breakfast.
- _____ 6. Most students have an after school snack.
- _____ 7. The morning paper arrives.
- _____ 8. Suzanne gets on the bus to go home from school.
- _____ 9. Toni's mom leaves to go to work.
- _____ 10. The sun goes down.

Write one thing you do between 12:00
midnight and 12:00 noon.

Name _____

Directions: Ring true or false for each statement.

- | | | | |
|----|------|-------|---|
| 1. | True | False | If Robin has a dance class at 4:00 p.m., her class is in the afternoon. |
| 2. | True | False | If Monica starts her job at 3:30 p.m., her job is in the morning. |
| 3. | True | False | If Lamont is leaving his mom a note to wake him up early in the morning, he should write 6:30 p.m. on the note. |
| 4. | True | False | If Jenna is having a breakfast party on Saturday, her invitations should say 10:00 a.m. |
| 5. | True | False | If Luis wants to go to the store after school he should leave at 4:00 a.m. |

Name _____

Directions: Write the correct answers.

1. Mrs. Davis leaves home at 7:15 a.m. every weekday to go to work. Does she leave on the hour, the quarter-hour, or the half-hour?

2. Doreen's softball practice starts each Monday, Wednesday and Friday at 5:45 p.m. Does softball practice start on the hour, the three-quarters hour, the quarter-hour, or the half-hour?

3. The doctor appointment Mr. Smith made was for 9:30 a.m. on June 15th. Is he going on the hour, the quarter-hour, or the half-hour?

4. If Dan rides a bus home that will be at his house at 5:45 p.m., will he be home on the hour, the three-quarters hour, the quarter-hour, or the half-hour?

5. The Friday night football game starts at 7:00 p.m. Will it start on the hour, the quarter-hour, or the half-hour?

Name _____

Directions: Ring the clock that shows the correct time.

1. Tawny's alarm clock is ringing so she can get up for work. What time might her alarm clock ring?

8:15 a.m.

noon

3:30 p.m.

2. Tony and his mom deliver the evening newspaper. What time would they leave the house to make the deliveries?

6:00 a.m.

5:30 p.m.

9:10 a.m.

3. Dawn feeds her cat when she goes home for lunch from school. What time would she probably feed her cat?

10:20 a.m.

12:00 p.m.

12:00 a.m.

4. Devon is leaving school for the day. When would he probably start riding his bike after school?

9:00 a.m.

4:30 p.m.

midnight

Name _____

Directions: Ring the clock that shows the correct time.

1. Jason and his dad like to watch the sun come up in the morning. What is the best time for them to be watching?

6:00 a.m.

3:40 a.m.

6:30 p.m.

2. Tabitha and her brother's favorite TV show is on right after dinner. What time would it probably start?

8:30 a.m.

4:15 p.m.

7:00 p.m.

3. A robin is singing and looking for worms outside in Sally's back yard. What time do you think it is?

8:15 a.m.

8:30 p.m.

midnight

4. What time would Justin, Gary, Nathan, Dan and Leon go to a movie on Saturday afternoon?

10:00 a.m.

2:30 p.m.

7:00 p.m.

Name _____

Directions: Ring the clocks that show the correct times.

1. Zach goes to bed at the same time each school night. What times would be good times to go to bed?

8:30 a.m.

9:00 p.m.

9:30 p.m.

2. Dante's basketball practice starts at the same time every day after school. What times might practice start?

1:40 a.m.

3:15 p.m.

4:00 p.m.

3. At what times could Eric and his sister Donette get on the bus by their house to go to school each morning?

7:45 a.m.

8:00 a.m.

1:00 a.m.

4. A wolf is howling at the full moon far away in the mountains. What times could it be?

9:20 a.m.

11:05 p.m.

1:00 a.m.

Name _____

Directions: Ring the clock that shows the correct time.

1. Leslie's mom picked the girls up from the mall at 4:00 p.m. She had dropped them off three hours earlier. What time did she drop the girls off at the mall?

12:00 p.m.

1:00 p.m.

11:00 a.m.

2. The birthday party at Daniel's house ended at 3:00 p.m. If it started three hours earlier, what time did it start?

1:00 p.m.

12:00 p.m.

2:00 p.m.

3. The Wilson family went on a four-hour horseback ride. They finished at 5:00 p.m. When did they start riding?

12:00 p.m.

1:00 p.m.

12:00 a.m.

4. Terry works for three hours after school at the deli. If he gets off work at 8:00 p.m., what time does he start?

6:00 p.m.

5:00 p.m.

8:00 p.m.

Name _____

Directions: Write the correct answer.

Madison's Uncle Anthony is a computer technician who owns a busy repair shop. People like him, and he sometimes has more computers to repair than he can finish each day. He often works from early in the morning until late at night. When she can, Madison helps her uncle after school and on Saturday.

1. If Uncle Anthony works from 7:00 a.m. until 6:00 p.m. on Monday, and takes an hour off for lunch, how many hours will he have worked that day?

2. Madison worked with her uncle after school on Tuesday for two hours. She left to go home for dinner at 6:30 p.m. What time did she arrive at work?

3. Uncle Anthony and Madison both worked on Saturday. They had already worked five hours when they took a lunch break at 11:30 a.m. What time did they start working Saturday morning?

4. Uncle Anthony knows that he has four more computers to fix today. Each computer will take about an hour. If he begins working on the first computer after lunch at 12:15 p.m., what time will he probably finish?

5. Mr. Daniel's computer has to be finished by 5:00 p.m. Uncle Anthony knows that he and Madison can fix it in three hours. What time do they need to start work on the computer?

Name _____

Directions: Write the correct answer.

Dr. Hanover is a very popular vet. He has scheduled his pet patients so that there is one patient every thirty minutes throughout the day. He has a full schedule today and his first pet patient arrives on time.

1. If Dr. Hanover's first patient arrives at 9:00 a.m., what time will the doctor's second patient be scheduled?

2. If Dr. Hanover's third patient arrives on time and takes one-half hour, what time will that patient be finished?

3. Dr. Hanover's first afternoon patient is scheduled for 1:30 p.m. What time will his third afternoon patient be meeting with the doctor?

4. If the doctor's second afternoon patient is fifteen minutes early, what time will they arrive at the office?

5. The doctor's patients are usually finished at 5:00 p.m., but his last patient forgot to come for the appointment. What time will the doctor be finished today?

Name _____

Directions: Some calendars start the week with Sunday. Start with Sunday as the first day of the week and write the name of each day on the lines.

First Day	Sunday	<u>Sunday</u>
-----------	--------	---------------

Second Day	Monday	_____
