

## Creating a My BrainPOP Student Account

Students can join multiple classes with one My BrainPOP username.

1) Go to [www.brainpop.com](http://www.brainpop.com), [www.brainpopjr.com](http://www.brainpopjr.com), or [www.brainpopesl.com](http://www.brainpopesl.com) and click on the **ENTER CODE** button in the upper right-hand corner of the screen.

2) Enter the **class code**.

3) If a student has already created a My BrainPOP account with another teacher, they should *not* create a new one. Instead, **they should sign in using their existing username.**

If a student does not yet have a username, click **SIGN UP NOW!**

The top screenshot shows a teal modal with a close button (X) in the top right corner. It contains the text "You're about to join" followed by a blurred name. Below this are two input fields: "Student username" and "Student password". An orange "LOG IN" button is positioned below the password field. At the bottom, it says "New to My BrainPOP?" with a red-bordered button labeled "Sign up now!" and a link for "Forgot password?".

The bottom screenshot shows a similar interface on a dark background. It also has a "You're about to join" header with a blurred name. Below are "Student username" and "Student password" input fields, followed by an orange "LOG IN" button. At the bottom, it says "New to My BrainPOP" with a red-bordered "Sign up now!" button and a "Forgot password" link.

4) Students will select a **username** and **password**. If the username they choose is already in use, they'll receive an error message.

They'll also be prompted to enter their **first and last name**, and select a **security question** and **image** in case they forget their password.

Student accounts do not require the entry of an email address.

To finish creating an account, students must check the box agreeing to our **Terms of services** and **Privacy Policy**.

The screenshot shows the "MY BRAINPOP REGISTRATION" page. On the left is a teal sidebar with the BrainPOP logo. The main content area has a white background. At the top, it says "You're about to join this class:" followed by a blurred name. Below this is a link to "Log in" and a prompt to "Create your My BrainPOP account to get started. Already have a My BrainPOP account?". The registration form includes the following fields: "First Name", "Last Name", "Username" (with a note: "Don't use your real name, but choose a username that your teacher can use to identify you. For example: AnnieJ222."), "Password" (with a note: "Your password must have at least 6 characters and 1 number."), "Re-type password", and a "Security question" dropdown menu with the text "Choose a question we can ask you in case you forgot your password." A red-bordered box highlights the "Sign up now!" button at the bottom of the form.

5) When a student has finished creating their account, they'll receive a confirmation message.

## MY BRAINPOP REGISTRATION

**Congratulations!**

You've successfully set up your My BrainPOP account.  
Remember, your username is:

Use it to log in from now on.

Go ahead and log in to get started!

**LOG IN**
