

Sale Flyer Project

Name: _____ Due Date: _____

You are opening a store of your choosing. You can open a store that sells a specific item, such as shoes, clothes, electronics, food, toys, etc., or you can open a store that sells more than one type of item. Make sure you give your store a name! Once you select what type of store you want to open, you need to create a flyer to advertise your sales! You will show 10 items that your store is having on sale this week.

For each item, you need:

- The item's name
- A picture (hand-drawn or cut/paste from sale ad)
- The original price
- The percent off
- The new sale price

You want to include bright colors, catchy words, good bargains, etc. to draw customers in! You want them to shop from your store because that makes you money!

You must use one of each of the following percents in your discounts: 10%, 12.5%, 15%, 22%, 25%, 30%, 33.3%, 55%, 62%, and a discount of your choice.

So, you will have 10 different items for sale with 10 different percents off.

You will be graded according to the scoring guide on the back of this paper, so this sheet must be turned in with your project.

This will be a summative grade.

These sale flyers will be hung in the hallway, so make sure you put enough time and effort into this to be proud of your finished product! (:

Rubric

Each item is worth 5 points. (You must include: item's name, picture, original price, discount/percent, and sale price)

10% Item:	12.5% Item:
15% Item:	22% Item:
25% Item:	30% Item:
33.3% Item:	55% Item:
62% Item:	Your Choice:
_____: 5 points for creativity, color, neatness, organization, and appeal.	

Total: _____/55 points
