

Name: _____

Geometry Area: Parallelograms and Trapezoids

Directions: Find the area of each parallelogram or trapezoid. Include UNITS in your answers.

1.

$A = \underline{\hspace{2cm}}$

6.

$A = \underline{\hspace{2cm}}$

2.

$A = \underline{\hspace{2cm}}$

7.

$A = \underline{\hspace{2cm}}$

3.

$A = \underline{\hspace{2cm}}$

8.

$A = \underline{\hspace{2cm}}$

4.

$A = \underline{\hspace{2cm}}$

9.

$A = \underline{\hspace{2cm}}$

5.

$A = \underline{\hspace{2cm}}$

10.

$A = \underline{\hspace{2cm}}$
